

Nelson Labs Coronavirus Restrictions and Shelter-in-Place Orders—Update

23 March 2020

Dear valued customers. I wanted to reach out to you at this important time to let you know that we will continue to be operational at all of our laboratory locations during the Coronavirus restrictions and shelter-in-place orders put into effect in many US states and international locations. Given the critical nature of your products and the importance of supporting the critical needs of the healthcare supply flow, we will continue to have essential staff at all of our facilities to ensure your products are tested.

Your products help save lives and it is our mission and commitment to help you do that.

If you have any questions, or if we can do anything to help you, please contact our service center at 801-290-7500.

Be well,

Jeffery R. Nelson, M.B.A. SM(NRCM)

President

Nelson Laboratories, LLC
